IMPORTANT NOTES

This calendar is intended for use by all schools, elementary and secondary, in the Southern New England Conference. It consists of 180 days.

Extenuating circumstances in some schools and/or communities may necessitate minor local revisions to this calendar. Changes require:

- a majority vote of the local school board, and
- specific approval by the Superintendent of Schools.

Any proposed revision must reflect:

- a minimum of 180 teaching days;
- no more than eight minimum days (defined as at least four hours of instruction, excluding the lunch period);
- no Sabbaths counted as teaching days; and
- no teaching days which conflict with conference-wide in-service meetings or fall outside of the teacher contract period.

Weekdays & Sundays events at which all faculty and students are expected to participate, and which meet the minimum hour requirement mentioned above, may be counted as teaching days. Examples include a community service day, a school picnic, or a special excursion. At least five days must be reserved for post-school activities.

In the event of emergency closure days in which remote learning did not occur, makeup days will be required if the total number of school days drops below 180.

Each school board should develop their own specific school calendar that meets the requirements of the Conference calendar, then submit that calendar to the Office of Education for approval.
